### Freshman Return Party

The Freshman Return Party was held on Friday, November 13th. Dancing started at 8:00 p.m. and at 10:30 p.m. hot dogs and pop were served. The Return Party was over at 11:00 p.m., and even though no one liked the Japanese songs and it was Friday the 13th, everyone had a good time.

### Junior Red Cross Bond Raffle

The Junior Red Cross is holding a Baby Bond Raffle. The tickets are \$0.25 each, and the drawing will be held on January 15th.

### Ulati Assured

The Ulati Staff signed a contract last week with Lederer, Street and Zeus for the printing of the 1943 yearbook. The book will contain several pages of snapshots which will be selected from entries in a snapshot contest now running.

### V. H. E. Initiates

The annual V. H. E. Initiation was held November 18th. The new members were ushered into the room by Frances Baron and Carmen Garcia and were sworn in by Anita Lorenzo, Mercedes Cintas, and Jane Ellases. After being sworn in, each new member was asked to entertain the group. All of the girls sang well. Ruth Brown was especially good when she sang "He Wears a Pair of Silver Wings". Rose Marie Codina imitated two tough boys playing marbles.

Following the entertainment came the big event of the evening, - - - the eats. The table was decorated with bowls of bright colored chrysanthemums at each end. Two dishes of delicious salad were also at each end of the table. Open face sandwiches and chocolate were also served, all in buffet style.

Following refreshments, the girls played Truth and Consequences.

Those who were initiated are as follows.

Ella Jean McCready  
Josephine Pyshora  
Virginia Pena  
Annie Rositano  
Ruth Brown  
Leola Brownwood

Isabel Campos  
Catherine Gamble  
Mary Lou Jepsen  
Jane Ramos  
Lucy Rodriguez

## EDITOR'S COMMENT

If the sophomores had put forth as much effort to help their class as they did trying to find out who wrote "The Wonderful Class of '45", they would never have been in a position to worry over it.

## VACA HIGH TRIUMPHS OVER ARMIJO

By Don Wilburn '44

The last game of the season was played on November 20, Vaca High winning to the count of 13-7 over their rivals, the Armijo Indians.

The Vaca boys went out on the field in high spirits and a great determination to show Armijo that they could beat them.

### Bulldogs Take First Quarter

The first quarter showed both teams feeling each other out to find the weak spots. Vacaville took this quarter because it was first to find out. This was shown by the first score, which was a completed pass from Nick Lorenzo to Nick Papin. The conversion was made by a line plunge with Nick Lorenzo carrying the ball.

### Indians Go on Warpath

Vaca then kicked off to Armijo with the Indians out to get the seat of their pants. The two teams fought back and forth. Vaca failed to score, but Armijo showed fight and went over for a touchdown. With the conversion, the Indians brought their score and the half ended in a 7-7 tie.

### Third Quarter Dull

In the third quarter neither team made any headway, although at times both teams came close to scoring. Both sides were really in there fighting to the utmost but the see-saw back and forth failed to hold the interest of the spectators.

### Fourth Quarter Sees More Action

In the fourth quarter the Vaca team again scored with Vic Lorenzo carrying the ball over the line. The conversion failed, leaving the score at 13-7 in Vaca High's favor. This left Vaca in a bad spot, for if Armijo made another score, they might make the conversion to put them in the lead by one point. Vacaville held, even on the critical 3 yard line. The added effort of the Bulldogs proved fatal to Armijo and the Vaca team went off the field with a glorious victory over their bitter rival Armijo.

## VACA HIGH BEATS DIXON

The week before the Armijo game the Vaca team traveled to Dixon to play the Dixon Varsity.

Vaca came out on the top side with a 13-7 victory. The game was an easy one until the last quarter when Dixon changed it's offensive tactics to passing. The Rams made their only touchdown by a pass completed in a show string catch over the goal. Dixon made the conversion easily, one man in the backfield drop-kicking the ball.

When the game ended Vacaville was leading with a 13-7 score.

The Vaca team had a good season, winning four out of their six scheduled games.

## NAMES MAKE NEWS

Last SUNDY when my father had some spare time, he began to look over our BILLS. Say! was he mad when he saw the PRICES. "How much CASH do you think I've got? This makes me BOYLE," he roared.

Mother SHOOK, got NUM, and backed toward the WALL, and I began to RUSSELL around playing with the dog and pulling his TAYLOR something, so father would think I wasn't paying attention to him.

That made him worse, and he started in on me. "Who do you think you are, you YOUNG whippersnapper? The ENGLISH KING I suppose. The DAYLE come when you won't have a PENNY if you spend CASH ANITA lot of rich food the way you do now. Keep on AZUAR and don't ERNA cent and your ears sure WILBURN."

Then our gossiping neighbor came in and the battle stopped abruptly. "I was on my way HOLME(S)," she began, "and I thought that I would tell you about my son on the BARON desert in Egypt fighting the Axis. He says their convoys look just like a CHANE(Y), miles long. He also says that they will MAR the enemy's face before long."

By this time my father had forgotten his troubles and joined in the conversation by telling about the wrestling match he saw last night. He told how "Dynamite" DAMIANO put a half NELSON on "Man Mountain" SHERMAN and how "Dynamite" got a CHARLIE horse.

At this point, our BUTLER BOB(bed) in and saved us in RECORD time. He said BOBLET someone else use his shovel so we can't use it tomorrow. "And the U. S. MARSHALL," he continued, "will be here at 1:30 today to see about a crook at large."

After the BUTLER left, father said, "I have to PAT the MARSHALL on the back. He lets neither beast NORMAN that should be locked up get away from him.

Just as father finished, our dinner bell rang and our neighbor left. I think father was glad that the next day was MUNDY so he could leave home early and forget about the BILLS.

### ULATIS SNAP SHOT CONTEST

The Ulatis staff is giving a contest to get pictures for their year book. The prize for the best snap shots will be a Ulatis, presented by the staff.

The contest will start November 19 and end January 8. The pictures will be the property of the Ulatis staff when they are turned in.

The staff wants shots of interesting events in school, trips, and snaps around the campus. Turn your pictures into Julian Codina. They must be in an envelope with the person's name on it, and each picture must have the person's name on the back.

## FASHIONS

By Carmel

Girls' Fashion Notes: Suits, suits, and more suits! A suit bug certainly has bitten our Home Ec. girls. CARMEN GARCIA has just finished a wine colored, short sleeved suit of fine wale corduroy. To finish her suit, CARMEN embroidered her initials in white fuzzy yarn on one of the jacket pockets. CARMEN is so pleased with the results that she is ready to start another suit. This time it will be a plaid one. . . . EMILY McCADDEN is the proud owner of a steel blue suit. EMILY'S jacket has long sleeves. EMILY made a little pill-box hat to match. . . . ROSE CINTAS chose brown covert cloth for her suit, and it won't be long before she is wearing it. ROSE'S skirt is a full pleated skirt. . . . A blue gaberdine suit ANITA LORENZO will soon be wearing. . . . BEVERLY DUREN has just completed one of the new brunch coats. In case you don't know what a brunch coat is, it is a three-quarter length house-coat. Veddycute! . . . Skirts are all the rage too. Jane ELLASCES is making a brown pleated skirt. JANE'S material is covert cloth. . . . MISS PINER has been busy making a plaid wool one. . . . FRANCES GRIMA has just completed a beige one with pleats. The pleats go all around the skirt. . . . The Home Ec. I class has made some attractive aprons. They are white, trimmed with black and orange rick-rack braid. . . . MARGARET PRITCHETT proudly walks around in a green peasant, short-sleeved suit of fine corduroy. MARGARET has a green pill-box to match. . . . The cold weather

has brought out a new batch of coats. Reversibles are very popular this year. FRANCES GRIMA has a steel-blue and beige reversible; PAT FEELEY, a green tweed and beige; BOBBIE SUE STEELE, a red and beige; EUGENIA CHANEY, a brown and beige; and GRETA NEIL'S is plaid and beige. . . . Camels' hair coats are still as popular as ever. Two new ones belong to ANNE MOWERS and BARBARA ALLEN. They are both box coats. . . . Last but not least, we see many just plain raincoats. HAROLDINE HAWK has a beige one and ROSE MARIE CODINA'S is a fire engine red. . . . We predict that next month there will be a definite trend in peasantry.

Boys' Fashion Notes: JOE CAMPOS goes in for matching colors in a big way. JOE wears a green and brown plaid shirt with green and brown socks to match. . . . GEORGE LINN has a wonderful collection of plaid shirts. Among them are a green and black checkered cotton flannel shirt and also a red and black one. . . . FRANK PRITCHETT has a diamond plaid, short sleeved slip over sweater. FRANK'S sweater is teal, blue, brown, and beige. A sweater that even a girl would like to own. . . . BILL SOLENBERGER has a new three-quarter length rain coat. A real "Joe College" coat. . . . Speaking of three-quarter length coats, JOE CAMPOS'S reversible camels' hair and rain-coat is really a sharp deal. JOE'S coat is in beige. . . . If you should hear a sound like thunder coming down the hall, don't be alarmed as it is only the boys with those huge boots. Nearly every boy in school owns a pair. It's no wonder that they are always late to class, they have such a time dragging their heavy feet around.

## WHAT WE WISH VACA HI WAS

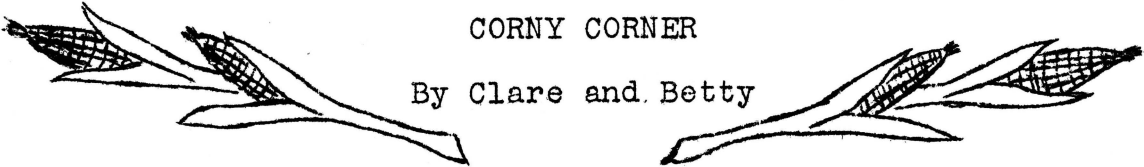

Although there is nothing interesting about it, and it is totally uninteresting to the masses of people, I am taking this opportunity to set forth my plan for the revision of our educational system.

The first thing that must be changed, if we are to continue living and going to school at the same time, is this idea of going to school in the morning. Now anyone knows that lack of sleep is responsible for two thirds of our inefficiency in school. It is physically impossible for a growing person to rise at seven a.m. and then carry out his daily program without feeling a great strain on his nervous system. Therefore, school must begin at one p.m., which will allow ample time for that much needed sleep.

The next thing which must be revised is that horrible custom of staying at school so long that the windows appear to have bars on them. This creates a very unpleasant feeling. Monotony is the father of illiteracy! If one allows himself to become bored with the school's routine, and takes no interest in his studies, there is a noticeable slump in his work. Therefore, school should close at three p.m.

Although there are numerable other faults that I could mention, I think that with the introduction of this new time system in our schools, many of these could be eliminated. Oh, I know it's impossible, but I can dream, can't I?

--Clare Mowers  
English III

can't drink.

Greta (coyly): Why not?

Roland: I'm broke!

Operator: Number please?

John S.: 288-F-2

Operator: But that's your own number.

John S.: Yes, I know, I want to talk to myself.

Paul: I'm the sturdy oak type, girls.

Girls: You may be sturdy, but darned if you're oke.

Storekeeper: This clock, Miss, will run for eight days without  
winding.

Helen S.: Gosh! And how long will it run if you wind it?

Chorus: We sure put fire in our music, don't we, Mr. Record?

Mr. Record: Yes, but, personally, I think it'd be better if you'd  
put your music in the fire.

la dee da de doo tra la la

Mr. Williams reports that after a recent school day, the pupils rode home together on a bicycle.

Emily: Do you believe that perfectly awful story they're  
telling about Mary?

Haroldine: Yes, what is it?

Maury: Hey, the bank has returned that check.

Trent: Fine. What shall we buy with it?

Barbara: Hurry up and comb your hair.

Patty: I can't help it. The sun sets in the east.

And did you know that every year is leap year for pedestrians?

## DANCES DISCONTINUED

At a Council meeting last Monday, it was announced that all dances at Vaca High will be discontinued due to the fact that some of the students proved that they didn't know how to conduct themselves at the last dance.

It is hoped that the dances will again be resumed some time after March 1st.

## THE GRAPEVINE

B. A. and RUSSELL C. '42 seem to be very friendly. They were together the night of the junior dance and also last Saturday. . . . Speaking of BARBARA, we kind of think G. L. still thinks she's O. K. Even if that little romance is a thing of the past, his attentions always seem to be directed toward her. . . . EUGENIA and JOHNNY are the latest couple to become engaged at Vaca Hi. . . . BETTY SMITH was seen with VERNE TAYLOR Saturday night. She's certainly changeable. . . . We hear that CLARE has 31 points towards the "21 Club" now. Nice going! . . . . A. F. doesn't seem to want to go steady any more. We don't think he'll agree, ARLENE. . . . NORINE seems to feel quite bad lately because a certain Marine is no longer around. Oh well, you still have JULIAN. . . . KAY and BOB don't seem to be as chummy as they used to be. We wonder if this romance is dying. . . . PAT and LEOLA went to the junior dance with SUNDY and DANIEL '42 respectively. They seemed to get along quite well too. Incidentally, PAT, aren't you supposed to be engaged? . . . . The fact that dances have been cut will prove quite a handicap to certain people who have a bad habit of getting late, since they'll positively have no excuses left. . . . Could ELOISE AZUAR'S presence in the back of the Commerce room have anything to do with WILLIE ESTEPA? . . . . By the way, have you seen the picture of LILLA OLIVER and ROBERT TAYLOR that has been circulating around school? It's really something. . . . Is it true that F. B. and J. C. have

gotten together again? . . . . MARY LOU JEPSON and BLANCHARD ROGERS enjoyed themselves at the show Saturday despite the presence of a third person, MARY LOU'S sister. . . . What's this we've been hearing about Nancy Chandler and H. R. (Armijo)? Come on NANCY, is he the one? . . . . VIC LORENZO has not yet revealed whether he is going with A. P. or G. N. Oh well, we're really not interested anyway. . . . Now that gas rationing has come it is prophecised that B. A. will have to be confined strictly to Vacaville, maybe she and B. C., and old heart-throb, will get together again. . . . The MOWERS sisters have been riding around with WEYAND and SPARKS, Inc. quite frequently. Is it the car or the fellows? . . . . Could F. P. confirm the statement that he and F. B. are interested in each other? . . . . What is that lovely friendship between DOROTHY FERNANDEZ and JOHN RAMOS? . . . . Where did all those cigars come from that were in evidence last Saturday night at the Legion hall? . . . . What has come between Vivian Shank and Richard Jacobs?
